

# Choose Your Screen Housing

## 1.4" Rounded

**OVERVIEW** The petite design of the 1.4" housing makes it perfect for most window and door applications. This screen housing is attractive and small enough to lie concealed in the jamb area of most doors or the reveal of any window.

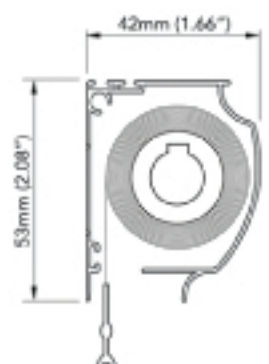

**APPLICATIONS** Single doors, double doors and windows.

## 1.61" Contemporary

**OVERVIEW** The 1.61" screen housing features straight lines and a contemporary look. Its extra sturdy design makes it perfect for 84" and taller doors or, window openings where a little more screen fabric is needed. Stylish, practical and versatile.

**APPLICATIONS** Single doors, double doors and windows.

## 1.66" Rounded

**OVERVIEW** This housing features rounded, smooth edges for a soft appearance. The 1.66" screen housing is perfect for larger or taller doors, and windows where a little more screen fabric is required. An attractive and popular choice.

**APPLICATIONS** Single doors, double doors and windows.
